

Product no **AS18 4188****GST-tag, HRP-conjugated (mouse monoclonal, clone 3E2)**

## Product information

<b>Immunogen</b>	GST tagged protein from <i>Schistosoma japonicum</i> .
<b>Host</b>	Mouse
<b>Clonality</b>	Monoclonal
<b>Subclass/isotype</b>	IgG1
<b>Purity</b>	Total IgG1. Protein G purified in PBS pH 7.4, with 50% glycerol and 0.09% sodium azide.
<b>Format</b>	Liquid
<b>Quantity</b>	100 µg
<b>Storage</b>	Store at -20°C. Avoid repeated freeze-thaw cycles.

## Application information

**Recommended dilution** | 1 : 800 (ELISA), 1: 1000 (WB)**Expected | apparent MW** | 26 kDa**Additional information** | For in vitro research use only**Selected references** | [Qi, Kwiatkowski, Chen, et al. \(2022\) Adenylate cyclase activity of TIR1/AFB auxin receptors in plants.
