

Product no **AS15 2892**

7S globulin

Product information

| | |
|-------------------------------|---|
| Immunogen | KLH-conjugated synthetic peptide chosen from available beta-conglutin sequences. |
| Host | Rabbit |
| Clonality | Polyclonal |
| Purity | Immunogen affinity purified serum in PBS pH 7.4. |
| Format | Lyophilized |
| Quantity | 50 µg |
| Reconstitution | For reconstitution add 50 µl of sterile water |
| Storage | Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube. |
| Additional information | 7S globulin |

Application information

| | |
|-----------------------------|---|
| Recommended dilution | 1:100 (IL), 1: 1000 (WB) |
| Confirmed reactivity | <i>Olea europaea</i> L. |
| Not reactive in | No confirmed exceptions from predicted reactivity are currently known |
| Selected references | Zafra et al. (2018) . Histological features of the olive seed and presence of 7S-type seed storage proteins as hallmarks of the olive fruit development. <i>Front. Plant Sci.</i> , 12 October 2018 |
