

Product no **AS09 553**

Bromelain, Biotin conjugated

Product information

Immunogen | native bromelain isolated and purified from *Ananas comosus***Host** | Rabbit**Clonality** | Polyclonal**Purity** | Purified IgG in PBS.**Format** | Lyophilized**Quantity** | 10 mg**Reconstitution** | For reconstitution add 1 ml of sterile distilled water**Storage** | Store lyophilized/reconstituted at -20°C; once reconstituted make aliquots to avoid repeated freeze-thaw cycles. Please remember to spin the tubes briefly prior to opening them to avoid any losses that might occur from material adhering to the cap or sides of the tube.**Additional information** | Antibody is labelled with biotin using N-hydroxysuccinimidobiotin, Antibody potency and purity has been evaluated by immunoelectrophoresis, single radial immunodiffusion (Ouchterlony), ELISA, immunoblotting and enzyme inhibition

Application information

Recommended dilution | 1 : 5000-1 : 50 000 (ELISA), (IF), (IHC), (WB)**Confirmed reactivity** | *Ananas comosus***Predicted reactivity** | *Ananas comosus***Not reactive in** | No confirmed exceptions from predicted reactivity are currently known**Additional information** | Biotin/IgG protein molar ration is approximately 6,2, No foreign proteins are added
